Welcome to Our New Readers

So much of our lives is conducted online - shopping, banking, socialising – all done via a screen. Sharing information is easier by the internet, and you may have recently given us your email address. That's why you're reading this now.

We promise not to overwhelm you with information. This newsletter comes just 3 times a year and aims to keep you updated on our practice. We hope you enjoy it, and if you're a regular reader – then we hope you're enjoying it too.

You'll probably know we're celebrating our 70th anniversary. Who knows what developments the next decades will bring. But, getting back to computers, I think the invention of online dentistry is still a long way off. I sincerely hope so – I would miss seeing you!

We'd also love to see you at our 70th Anniversary Party on Saturday 24 September. You'll find more details later in this newsletter.

Memories

Do you remember Redhouse before 1990? If so then you were probably treated by Dr Dev Khosla. He owned the practice from 1969 and his wife remains a patient with us.

She has many memories: *“It’s like home to me,”* she says, *“I dial a number I’ve known for 40 years. I’m always treated well and have the utmost confidence in Dr Phakkey. My late husband had great respect for him and I am delighted to see that the practice continues to thrive under his care.”*

There’s no doubt that our reputation for care and commitment can be traced to Dr Khosla. He always wanted the best for his patients and his team. We’re happy to keep this legacy alive.

It’s FREE Denplan Goodie Bag Time Again!

When packing a washbag for a holiday or work trip your toothpaste and toothbrush can take up a lot of space. But they shouldn’t be left behind. So travel size items are a good option.

Our [Denplan](#) patients are in for a treat from this month. You can pick up a free goodie bag with travel size treats to let you look after your teeth wherever you go. It also has useful information should you need a dentist on holiday. And it’s one per patient so everyone in the family gets their own set of goodies.

Don’t forget to make your [appointment](#) soon. Denplan Goodie Bags are in the surgery now but when they’re gone they’re gone!

You’ll find more about the benefits of Denplan on our website.
